

Second

**EPSO**

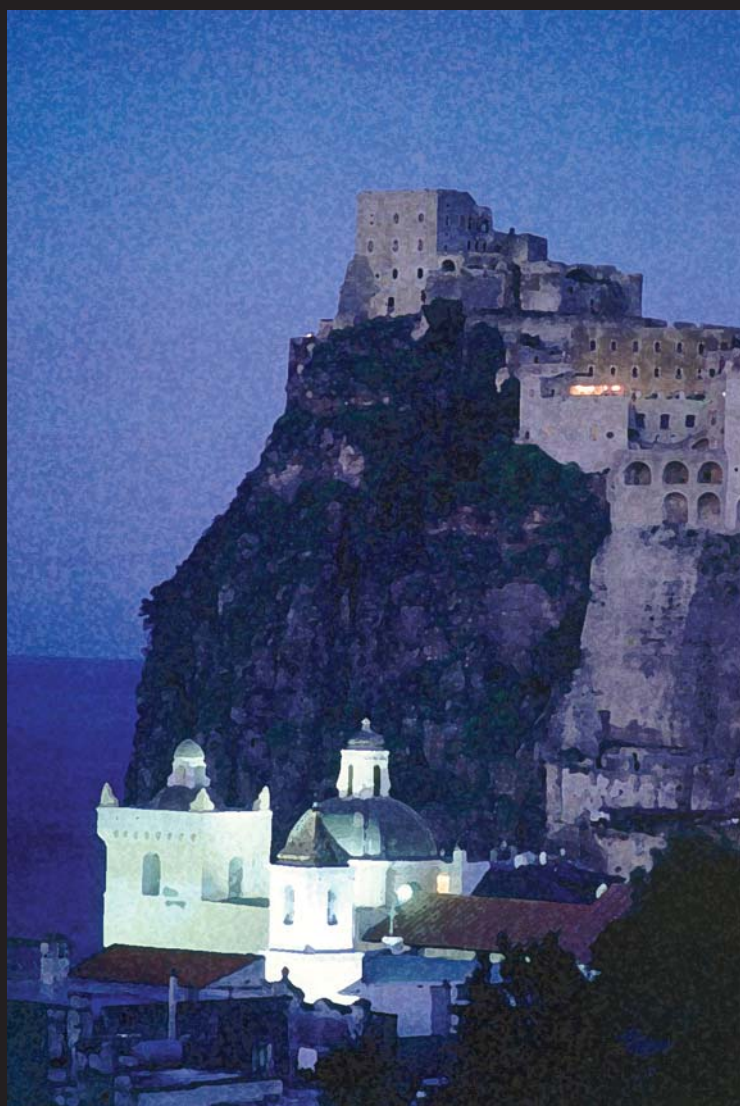

*In honour of Jeff Schell*

**Conference**

# Interactions in Plant Biology : cells, plants and communities

**Hotel Continental Terme, Ischia, Italy**  
**10 – 14 October 2004**

## **New Perspectives in Plant Science : Interactions within cells and plants**

*Ubiquitin, Signal transduction, Chromatin  
and transcription factors, Development,  
Hormones, Abiotic stress;*

## **Between plants and other organisms**

*Pathogens and symbionts, Allelochemicals,  
Natural variation and diversity;*

## **And between scientists and society**

*Modeling and systems biology, Breakthroughs  
in life sciences, Plant science and society,  
Plant science and its manifold use,  
Plant science in Europe.*

## **Invited Speakers:**

*I Baldwin, E Buckler, C Bowler, D Casati,  
N-H Chua, E Coen, V Colot, J Dangl, L Dolan,  
C Gutierrez, P Genschik, A Van Gysel,  
N Harberd, M Huelskamp, J Jones, G Jürgens,  
B Keller, J Ma, J Leung, B De Marchi, C Martin,  
M Matzke, F Mayor, A Millar, M Van Montagu,  
J Mundy, L Nover, M Pages, K Palme,  
J Paz-Ares, P Prusinkiewicz, F Salamini,  
J Sheen, B Scheres, K Shinozaki,  
J Stougaard, C Tonelli, L Vingiani, J Vivanco,  
J-K Zhu and M Zabeau.*

**Coordinators : Paolo Costantino, Univ di Roma "La Sapienza" and Karin Metzloff, EPSO
