

# Third epsos Conference

## Plant Dynamics: from Molecules to Ecosystems

Thermal Hotel Visegrád, Hungary  
28 May - 1 June 2006

### Plant Science in Europe - Science Policy

#### Science and Society:

*Industrial applications of plant science*

#### The dynamic genome

*Genome evolution/comparative genomics,  
Non-coding RNAs,  
Chromatin remodelling/epigenetic control*

#### The dynamic plant - growth and development

*Cell division, cell growth and organ development,  
Transitions in plant development*

#### Responding to the dynamic environment

*Light and other abiotic stresses, Hormones,  
Protein Dynamics, Plant-microbe interactions*

#### Dynamic populations

*Ecophysiology: natural habitats / crops,  
Biodiversity, Population dynamics - ecology*

#### Confirmed Speakers:

*D. Baulcombe, M. Bevan, P. Benfey, J. Bergelson,  
M. Boda, P. Busquin, J. Callis, C. Dean, X. Deng,  
R. DeSalle, M. Dicke, X. Dong, D. Dudits, C. Fankhauser,  
P. Green, U. Grossniklaus, M. Hallen, C. Hardtke,  
H. Hellmann, H. Höfte, S. Jansson, T. Kakimoto,  
S. Kepinski, G.B. Kiss, S. Knapp, C. Kuhlemeier, C. Lexer,  
M. van Lookeren Campagne, R. Martienssen, K. Metzloff,  
M. Morgante, O. Nilsson, M. Nordborg, B. Osborne, S. Prat,  
P. Quail, R.M. Schmidt, P. Schulze-Lefert, M. Timmermans,  
J. Traas, H. Tuomisto, R. Vierstra, E.S. Vizi, O. Voinnet,  
D. Weigel, M. Zabeau and D. Zamir.*

Coordinators: Karin Metzloff, EPSO and Dénes Dudits, Hungarian Academy of Sciences
